【Background】
I attended International schools in Paris and London from middle school through high school. After returning to Japan, I studied French at the Tokyo branch of the French Institute and later spent one year studying abroad at Sciences Po Paris while enrolled at Waseda University.
After graduating from university, I worked for a major telecommunications company while studying consecutive interpreting at the Simul Academy.
I then lived in Germany for 4 years before returning to Japan.
Since then, I have worked as an interpreter across a wide range of fields, including international events, trade shows, corporate meetings, and school admission interviews. Currently, I also work as a trilingual MC, hosting events and weddings in Japanese, English and French.

【Interpretation】
-World Robot Summit (consecutive interpretation)
-Japan tours, International school entrance interviews
-Japan Mobility Show (consecutive interpretation)
-Tour de France SAITAMA CRITERIUM
-Corporate interpretations (both consecutive and simultaneous)

【MC】
Bilingual MC services available in Japanese-English and Japanese-French.
Trilingual hosting services in Japanese, English, and French are also available.
